RECYCLING DOESN'T COST THE EARTH

First Edition: 22/02/2010

Hello Everyone

This newsletter has been designed to give us the opportunity to communicate with all of our shops. We aim to keep you all up to date with the services that we offer and hopefully raise certain issues of importance. This will ensure that you are all up to date with the things that will help both of our businesses run more efficiently.

RTS will be generating a newsletter at regular intervals. This will consist of information we feel to be of relevance.

If you have any questions, or would like to have a say on what's included, feel free to contact us! Our contact number is 01895 445522, Ask for either Caroline or Shelley.

**OUR PRICES PER TONNE
ARE THE MOST
COMPETITIVE AROUND!**

CALCULATION SHEETS.

Please find enclosed a few calculation sheets for your use. This is beneficial for both you and us as it means that hopefully we can prevent overpayments and underpayments, making it easier and more efficient for all of us.

UNIFORM.

It is easy to identify RTS drivers as all of our drivers are issued with uniforms. This consists of a blue navy sweat shirt with the RTS logo, black trousers and blue fleece with the RTS It is easy logo.

If the drivers are not in uniform, please call us to ensure they work for RTS!

LONDON - PLYMOUTH
